

APPENDIX 5

FORM FOR USE IN REPORTING CROP RESIDUES DATA FROM INDIVIDUAL SUPERVISED TRIALS IN SUMMARY FORM

FIELD TRIALS, SOIL RESIDUE (SUMMARY)

DELETED (NOT NORMALLY REQUIRED)

The guidance provided and criteria specified, apply to the preparation of complete dossiers and summary dossiers on pheromones and other semiochemicals, whether submitted in support of applications for approval of active substances of this class, for the registration of a plant protection product containing exclusively pheromones or other semiochemicals as active substances, MRLs and or import tolerances are not normally established for these types of products. However, if necessary, relevant guidance can be found in Appendix 5 of the OECD Guidance for Industry Data Submissions on Plant Protection Products and their Active Substances (Dossier Guidance).
