15h00 – 17h30 Paris

OECD Zoom platform
Simultaneous interpretation in English, Spanish and Portuguese
About the OECD/CVM Centre on Financial Education and Literacy in Latin America and the Caribbean

The OECD/CVM Centre on Financial Education and Literacy in Latin America and the Caribbean (LAC) promotes efficient financial education in LAC through a range of activities including meetings, surveys, mutual learning through peer reviews, and research. Launched in 2016, the Centre is a joint undertaking by the OECD and the Securities and Exchange Commission of Brazil (CVM).

The Centre, based in Rio de Janeiro, Brazil, is a knowledge exchange hub on efficient financial education and related issues such as financial consumer protection, in Brazil and throughout the region. Its activities build on the work of the OECD International Network on Financial Education (INFE) and include methodologies for collecting qualitative and quantitative data, policy analysis, instruments, and research.

Under the aegis of the Centre and of the OECD/INFE, an OECD/INFE LAC Regional Network has been created to support LAC members of the OECD/INFE in designing and implementing their financial education policies and programmes. The OECD/INFE LAC Regional Network meets once a year in the margins of the annual meeting of the OECD/CVM Centre. Currently, 51 public authorities (central banks, financial markets authorities, ministries of finance, social policy and education) from 22 LAC countries are members of the regional network.

Consult the list of members of the OECD/INFE from LAC here: http://www.oecd.org/daf/fin/financial-education/INFE-member-lists-LAC.pdf
