

Responding to COVID19: The IO Partnership in Action

Webinar, 12 May 2020

AGENDA

Issue 1 : Adapting international rulemaking processes in light of the constraints of the COVID-19 pandemic

- 'Tour de table' - proposed questions for discussion :
 - Has your organisation developed internal tools and procedures in response to the pandemic to ensure the continuity of its normative activities?
 - How has your IO used digital technologies and/or virtual tools to support this process?
 - Have your governance structures / rules of procedure needed adapting to the current situation?

Issue 2 : Supporting constituencies in addressing the global crisis

- 'Tour de table' - proposed questions for discussion :
 - Has your organisation taken emergency ruling or developed new normative instruments (eg. guidelines, etc) in response to the COVID-19 pandemic?
 - Is your organisation considering doing this once the COVID crisis is over ?
 - Has your organisation engaged in any rulemaking-related cooperation or coordination activities with any other IOs?

Issue 3: Is there a role for the IO Partnership?

- 'Tour de table' - proposed questions for discussion :
 - How is the current crisis and its ramifications affecting the development of the Compendium of IO Practices, in particular, is there any lesson or practices that should be retained?
 - Beyond the Compendium, is there any role for the IO partnership in supporting more effectiveness / coherence in international rulemaking on the road to recovery, and to increase preparedness for future crisis?
 - Any other idea / proposal?
