Alistair McDonnell

Criminal Intelligence Officer, INTERPOL Environmental Security

Alistair has 30 years of fisheries enforcement, scientific and policy experience in the UK & EU fisheries, and at sea in the Atlantic, Indian and Southern Oceans. Between 2009 and leaving for INTERPOL in April 2014 he implemented the EU IUU regulations at the UK border in partnership with UK Customs, Port Health Border Inspection Post teams and fisheries port state control teams. Since April 2014 he has been part of INTERPOL's Environmental Security Programme in Lyon working for Project SCALE on global fisheries crime.
