

The need for New Blood

*A new scientific truth does not triumph by convincing its opponents and making them see the light, but rather because its opponents eventually die, and a new generation grows up that is familiar with it
.....science advances one funeral at a time. »*

Max Planck, A Scientific Autobiography (1949).

*“You want to keep an open mind but
you don’t want to open it so far that
your brain falls out.”*
