ACCESSION OF MEXICO TO THE OECD

Mexico and the OECD completed on 24 March 1994 the examination of the terms of Mexico’s accession to the Organisation, and have reached agreement on these.

The Council of the OECD has fixed April 14 as the date on which Mexico will be formally invited to accede to the Convention on the OECD. The Mexican Government and the OECD have agreed that the signature of the agreement setting down the terms of accession will also take place in Paris on the same day. The agreement will be signed by Mr. Manuel TELLO, Secretary for External Relations of Mexico, and by Mr. Jean-Claude PAYE, Secretary-General of the OECD.

The accession of Mexico to the Organisation will become effective upon the deposit by Mexico of the instrument of accession to the Convention with the French Government, depositary of the Convention. During the period between the invitation and accession, Mexico will be invited to participate as observer in the work of all the bodies of the OECD, in particular the Council.
