WESTERN BALKANS COMPETITIVENESS OUTLOOK 2024

Fact-finding Meeting Bosnia and Herzegovina – Federation of Bosnia and Herzegovina

**26 October 2023
Mostar, Bosnia and Herzegovina**

Government of the Federation of Bosnia
and Herzegovina

Ante Starčevića bb, 88000 Mostar

Simultaneous interpretation will be provided

¹ This is not a meeting of an official OECD body

The [OECD](#) is a unique forum where governments work together to address the economic, social and environmental challenges of globalisation. The Organisation provides a setting where governments can compare policy experience, seek answers to common problems, identify good practice and work to co-ordinate domestic and international policies.

Since 2000, the [OECD South East Europe Regional Programme](#) has been closely collaborating with economies of the region to foster growth, investment and employment through reforms that support competitiveness and private sector development. The programme addresses regional and national needs, capacities and reform priorities while translating OECD standards and best practices into actionable advice for South East European (SEE) economies (Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Kosovo*, Montenegro, North Macedonia, Romania and Serbia).

■ WHAT IS THE COMPETITIVENESS OUTLOOK?

Drawing on key OECD tools and standards, the [Competitiveness Outlook](#) publication series is the most comprehensive assessment of economic performance, governance and regulation in the six Western Balkan (WB6) economies. It covers 15 key policy areas that are interrelated and make up five thematic cluster: (1) Business environment; (2) Skills system; (3) Greening; (4) Digitalisation and technology; (5) Connectivity and infrastructure.

The Competitiveness Outlook seeks to provide the region's policy makers with a multi-dimensional benchmarking tool, enabling them to compare performance against regional peers as well as OECD good practices, and to design future policies based on rich evidence and actionable policy recommendations.

The last edition was launched at the [Leaders Meeting of the Berlin Process Western Balkans Summit](#) in July 2021 where several Heads of State and Government lauded that the OECD Competitiveness Outlook's policy recommendations serve *"as guidance and inspiration for pursuing an ambitious, inclusive and sustainable reform agenda in the Western Balkans"*.

■ THE MEETING

While the meeting will provide an overview of the **Federation of Bosnia and Herzegovina's (FBiH) assessment status for all five thematic clusters** of the Competitiveness Outlook's, it will in particular **focus on the business environment cluster**, comprised of the (1) trade; (2) investment; (3) access to finance; (4) tax; and (5) state-owned enterprises policy dimensions.

The meeting aims to achieve **two main objectives**:

- 1) **Closing information gaps**: The discussions will focus on obtaining any remaining information necessary to enhance the understanding of the provided inputs, particularly for the business environment cluster. This will help fill any information gaps and provide a more comprehensive assessment.
- 2) **Identifying achievements, challenges, and policy priorities**: The meeting will facilitate discussions among participants to identify and discuss key achievements and challenges, notably related to the business environment in the Federation of Bosnia and Herzegovina. Additionally, potential policy options will be explored, allowing for an exchange of ideas and perspectives on how to address the identified challenges and further enhance competitiveness.

■ WHO WILL BE THERE?

The meeting will bring together the FBiH Competitiveness Outlook Co-ordinator, **policy makers** who contributed to the government self-assessment (in particular Dimension Contact Points) and representatives of the federal statistical office. Meeting participants will also include **non-government stakeholders** such as NGOs, private-sector, academia representatives.

26 OCTOBER 2023

FACT-FINDING MEETING

GOVERNMENT OF THE FEDERATION OF BOSNIA AND HERZEGOVINA

Objective *The objective of the meeting is two-fold: firstly, to gather necessary data and insights to bridge any existing information gaps in the selected key policy areas identified by the OECD; and secondly, to identify and discuss notable achievements, challenges, and potential policy options within these areas. By achieving these objectives, the meeting aims to enhance understanding, facilitate informed decision-making, and contribute to the overall improvement of competitiveness in the relevant policy domains.*
