## COMMUNICATIONS OUTLOOK 1999

### BROADCASTING: Regulatory Issues

**Country:** Finland

**Date completed:** 29 May, 1998

The attached questionnaire was undertaken in preparation for the biennial OECD Communications Outlook. The responses provided by Member countries on broadcasting regulation were used to provide information supporting the analytical sections published in association with data. A similar questionnaire with responses on telecommunication regulation is also available. In some cases, data for individual firms, used to compile OECD totals, have not been published at the request of the respondent. For further information, including data, see **OECD Communications Outlook 1999** and <http://www.oecd.org/dsti/sti/it/index.htm>

**Broadcasting market status (Questions 1- 3)**

**1. Please provide details of the broadcasting and cable television infrastructure provision in your country.**

Infrastructure provision for following service	Number of licensed operators (1998)	Number of privately owned companies <sup>1</sup>	Number of public service organisations <sup>2</sup>
Terrestrial TV (National coverage <sup>3</sup> )	3	2	1
Terrestrial TV (Local coverage <sup>4</sup> only)	2	2	-
Terrestrial radio (National coverage)	2	1	1
Terrestrial radio (Local coverage only)	60	60	-
Cable television service <sup>5</sup>	106	105	-
Analogue direct broadcast satellite (DBS) service	1	1	-
Digital DBS service	1	1	-

**2. Please provide details for the major public / private terrestrial TV broadcasting companies in your country. They include state and privately owned organisations providing broadcasting services with national coverage.**

Name of public / private terrestrial TV broadcasting companies	Ownership Status (1998) (e.g. state-run / state owned / privately owned)	Do they own transmissions infrastructures? If not, please indicate the name of company which provide transmission infrastructures.
Yleisradio Oy (YLE)	state owned	yes
MTV Oy	privately owned	no, YLE
Oy Ruutunelonen Ab	privately owned	no, YLE

<sup>1</sup> Defined as private sector companies holding one or more licences for service provision.

<sup>2</sup> Including state-owned corporations or institutions holding one or more licences for service provision.

<sup>3</sup> A service with national coverage is defined as a service by a group of television or radio stations distributing a majority of the same programming, that are licensed on a national or regional basis but collectively provide nation-wide coverage. Affiliating companies of the nation-wide broadcast network are included in this category. If new operators have been licensed to provide national coverage in the last three years but are at the stage of rolling out networks please include these operators in the total.

<sup>4</sup> A service with local coverage is defined as a service by a group of television or radio stations that are licensed on a national or regional basis but distribute the programming in the local area only. If new operators have been licensed to provide local coverage in the last three years but are at the stage of rolling out networks please include these operators in the total.

<sup>5</sup> Please indicate if more than one organisation is permitted to own and operate cable television infrastructure in the same area.

3. What was the price of cable television service for a subscriber in the largest city of your country on 1st January 1998? Basic service corresponds to the least expensive option to a customer and premium service the most expensive option. (Local currency, current prices)

Cable Television services	Basic service			Premium service	
	Connection	Monthly subscription fees	Number of cable channels included in the basic option (excluding free services)	Monthly subscription fees	Number of cable channels included in the premium option (excluding free services)
(Please indicate the name of operator) Helsinki Televisio Oy (HTV)	The connections to the whole Helsinki Cable network 194 000	49 FIM	1	141 FIM	2
(National average, if available) Cable TV households total for Finland, approx.	910 000	49 FIM	1	141 FIM	2

**Broadcasting Regulatory Framework (Questions 4 - 9)**

**4. Which organisation(s) administer the following services (carriage and content) in your country and what are their main responsibilities? Please mention agencies dealing with spectrum allocation and management, and providing licences.**

Please provide details:

**a. Terrestrial broadcasting service**

YLE owns the terrestrial national transmission networks. As a public service broadcaster YLE operates on the basis of the Act on Yleisradio Oy and with the Administrative Council elected by Parliament as its highest decision making body. The government grants operating licences to the private sector, the Ministry of Transport and Communications supervises, and subordinate to the Ministry, the Telecommunications Administration Centre administers radio frequencies.

**b. Cable Television service**

**c. Direct broadcast satellite (DBS) service**

**5. Please provide a description of significant recent policy changes affecting the provision of broadcasting services, as well as any draft laws, or regulatory proposals to be implemented in 1998.**

Please provide details:

A government bill on broadcasting legislation aimed to come into effect on 1 January 1999 was given to Parliament in April 1998.

**6. How is broadcasting defined in your country's regulatory framework? In addition, please specify public service obligations stipulated in broadcasting regulations.**

Definition of broadcasting:

Radio transmission intended for direct reception by the public

Public service obligations:

Comprehensive services for all citizens under equal conditions and special duties e.g. to support democracy, Finnish culture, education and minority language services.

7. **Are there must-carry rules? For example, are cable television or satellite operators required by regulation to provide capacity for certain services? If yes, please elaborate on the reasons.**

Please provide details:

Cable operators must distribute national broadcasts and the broadcasts of YLE intended to be received in the territory of the cable operator. The obligation to make vacant channel capacity available to others will disappear with the proposed new legislation as of 1 January 1999.

8. **Are there any local content requirements for broadcasters and cable television operators in your country in terms of the level of domestically produced content which must be broadcast, the amount of turn-over which must be allocated to domestic production or other criteria? Yes/No**

	If Yes, please provide local content specification and where applies.
Terrestrial Television service	No
Cable Television service	Yes, some must be local and 25% must be domestic. These requirements will disappear with the proposed new legislation as of 1 January 1999.
DBS service	

9. **Are there any limitations on share ratio, number of stations, or other ownership restrictions on entities investing in service providers of terrestrial broadcasting, cable television and satellite broadcasting in your country? Please refer to each service individually, if they have separate restrictions.**

If yes, please provide details:

No

**Cross-ownership and cross sector provision (Questions 10 - 14)**

**10. Are there any restrictions on terrestrial broadcasting companies from directly providing the cable television infrastructures and services in your country? On the other hand, are there any restrictions on cable television operators from directly providing the terrestrial broadcasting companies in your country?**

If yes, please provide details:

- a. Restrictions on terrestrial broadcasting companies providing the cable television infrastructures  
None
- b. Restrictions on terrestrial broadcasting companies providing the cable television services  
None
- c. Restrictions on cable television operators providing the terrestrial broadcasting  
To provide terrestrial broadcasting you need an operating licence.

**11. Please specify any restrictions on cable television operators and terrestrial broadcasting companies investing (including merging and acquiring shares) in companies that provide other infrastructures or services.**

Please provide details:

- a. Restrictions on cable television operators investing in telecommunications operators  
None
- b. Restrictions on cable television operators investing in terrestrial broadcasting companies  
None
- c. Restrictions on terrestrial broadcasting companies investing in telecommunications operators  
None
- d. Restrictions on terrestrial broadcasting companies investing in cable television operators  
None

**12. Are there any restrictions or limitations on foreign investment regarding services of terrestrial broadcasting, cable television and satellite broadcasting in your country? Please refer to each service individually, if they have separate restrictions.**

**Yes/No**

If yes, please provide details:

No

- 13. Are there any regulations restricting cross media ownership (e.g. broadcast television, radio, newspapers) for infrastructure and services in the same geographical market. Yes/No**

If yes please provide details:

No

- 14. What kind of methods are adopted by regulatory authorities in order to measure market shares in broadcasting market? If the measure used is “audience rates”, please describe the methodology used.**

Description of market share measurement

Share of time spent viewing per individual of the age 10 or more.

Please provide methodology for measuring audience rates.

Joint industry TV meter survey.

**Convergence (Questions 15 - 18)**

- 15. Under the communication regulation existing in your country how would services provided over the Internet, which some have likened to broadcasting services (e.g. audio and video services transmitted over the Internet) be defined and treated?**

Please provide details:

According to general criminal law.

- 16. Would a video on demand service be treated differently in terms of regulations, by the transmission methods (for example, PSTN, cable or satellite)?**

Please provide details:

No special legislation for video on demand - services treated as telecommunication services

**17. Under the communication regulation existing in your country how would conditional access services, such as in digital DBS services, be treated?**

<p>Please provide details:</p> <ul style="list-style-type: none"> <li>- TV signal directive as a basic rule</li> <li>- No licensing systems</li> <li>- General competition policy legislation as a secondary rule</li> </ul>
--

**18. Please detail plans for digital broadcasting and cable television services.**

	Number of Licences to be granted	Expected Number of New Channel Capacity	Expected Date of Service Commencement
Terrestrial TV service	3 maximum	12	1.1.2000
Terrestrial Radio service	6 national, 6 regional	6/6	1.1.1999
Direct Broadcast Satellite service	no license		
Cable Television service	no license		
Additional information and comments
