ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT

The OECD is a unique forum where governments work together to address the economic, social and environmental challenges of globalisation. The OECD is also at the forefront of efforts to understand and to help governments respond to new developments and concerns, such as corporate governance, the information economy and the challenges of an ageing population. The Organisation provides a setting where governments can compare policy experiences, seek answers to common problems, identify good practice and work to co-ordinate domestic and international policies.

The OECD member countries are: Australia, Austria, Belgium, Canada, Chile, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Poland, Portugal, the Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, the United Kingdom and the United States. The European Commission takes part in the work of the OECD.

OECD Publishing disseminates widely the results of the Organisation's statistics gathering and research on economic, social and environmental issues, as well as the conventions, guidelines and standards agreed by its members.

Monthly Statistics of International Trade

This reliable and up-to-date source of statistics on international trade of OECD countries provides a detailed insight into the most recent trends in trading patterns for OECD countries with the rest of the world. Data are broken down by economic groupings, by country and by region, and include seasonally adjusted series as well as calculated indicators. The series shown cover data for the last eight months, four quarters and two years.

ALSO AVAILABLE ON CD-ROM AND ON LINE

The data in this publication are also available on line via www.oecd-ilibrary.org under the title *Monthly Statistics of International Trade* (<http://dx.doi.org/10.1787/msit-data-en>).

An offline edition of the database, providing data in CSV format is available on CD-ROM under the title *Monthly Statistics of International Trade*. It contains longer time series of monthly, quarterly and annual data than the printed version.

For a detailed breakdown by product of yearly trade, consult *International Trade by Commodity Statistics (ITCS)*, available in print, on line at www.oecd-ilibrary.org (<http://dx.doi.org/10.1787/itcs-data-en>) and on CD-ROM. The electronic editions contain longer time series.
