ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT

The OECD is a unique forum where governments work together to address the economic, social and environmental challenges of globalisation. The OECD is also at the forefront of efforts to understand and to help governments respond to new developments and concerns, such as corporate governance, the information economy and the challenges of an ageing population. The Organisation provides a setting where governments can compare policy experiences, seek answers to common problems, identify good practice and work to co-ordinate domestic and international policies.

The OECD member countries are: Australia, Austria, Belgium, Canada, Chile, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Poland, Portugal, the Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, the United Kingdom and the United States. The European Union takes part in the work of the OECD.

OECD Publishing disseminates widely the results of the Organisation's statistics gathering and research on economic, social and environmental issues, as well as the conventions, guidelines and standards agreed by its members.

DETAILED TABLES BY SERVICE CATEGORY

2008-2012

This OECD publication includes statistics by detailed type of service on international trade in services for the 34 OECD countries, the European Union, the Euro area and the Russian Federation as well as links to definitions and methodological notes. The data are reported within the framework of the fifth and sixth editions of the IMF's *Balance of Payments Manual* and the *Extended Balance of Payments Services Classification* (EBOPS), which is consistent with the balance of payments classification but is more detailed.

This book includes summary tables by country and by service category and zone totals for the European Union and the Euro area as well as tables for each individual OECD country and for the EU, the Euro area and the Russian Federation showing data for detailed service categories. Series are shown in US dollars and cover the period 2008-2012.
